

Baby was along, No was by her side

The church of god preachers blames her mother

Baby was along, No was by her side

Her mother's soul died that day

Baby would was along, No was by her side

Baby gives in and her sprit dies

Baby was along, no was by her side

You would not give in you say, Are you sure?

You are six years old and your church of god preacher

Holds you down while doing immoral to you

Then everyone blames you and your mother

For being evil for causing a holy man to sin

Would you keep holding on?

Could you make it through?

Could you stay strong?

It is too late for My Grandmother and Mother

I pray it is not too late for you and your baby
